Other
Senior Citizens Discount (pg. 53, 57, 10/28/2020)
This discount has been discontinued as of 10/28/2020. Those currently receiving the discount will continue to do so.

Traditional Class Attendance Policy (pg. 44-45, effective at policy implementation)
The following clarifying statement was added: Courses that include a lab are subject to the Shorter University attendance policy (ex: lab science courses, communication lab courses). If a grade of FA is earned in either lab or lecture, the same grade will be assigned to both the lab and the lecture sections of the course.

Automatic Drop from Online Courses (pg. 145, 149)
*The following bolded statements were added: If a student fails to both log into their online course and post the Mandatory Introduction Forum **before or within** the first 9 class days from the start of the session, he or she will be automatically dropped from the course. Simply logging into a course will still constitute as an automatic drop for the course if an introduction post within the actual online course platform is not completed **before or within** the first 9 class days from the start of the session. Students who do login and complete an introduction post **before or within** the first 9 days from the start of the session, but who then stop participating in their online class will NOT be automatically dropped from the class. **Completing the Mandatory Introductory Forum counts as attendance in the course.** To drop or withdraw from the class, the student must follow the procedures described in the Drop/Add and Withdrawal from Courses portions of this section.*
