

Thank you for your interest in Shorter's Elementary Education program. This program offers students small class sizes & the ability to move through the program in a cohort model. Both of these features ensure you will receive the support you need to achieve your career goals.

Our early childhood education will equip you to meet the needs of all learners in all subject areas for grades preschool through 5th grade. From teaching a child to read to "the new math", you will be equipped from your very first day in the classroom.
